To Whom it May Concern,

**Re: Testimonial for Karma Germanos, GKS Photography Services**

IAG New Zealand Limited commissioned the services of GKS Photography Services during May 2009 for a corporate conference. Karma was required to encapsulate the conference as well as the social functions during the event.

Karma was very well prepared for her assignment and always punctual. Her relaxed nature and ability to circulate through our guests discreetly provided the opportunity for her to capture some wonderful candid photographs.

She has a good eye for light and obviously understands how to use this to add emotion to her images. Karma's friendly manner also meant our guests felt at ease having their photo taken and the results have been beaming smiles and glowing eyes.

I wish Karma all the very best in her future endeavours.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Emily Travers', written in a cursive style.
